

## PERSONAL INFORMATIONS

First name(s) / Surname(s) **MATTEO CECCARELLO**

Telephone(s) +390456013111

E-mail [matteo.ceccarello@sacrocuore.it](mailto:matteo.ceccarello@sacrocuore.it)

Nationality Italian

Date of birth October 9<sup>th</sup> 1984

**OCCUPATIONAL FIELD** Obstetrics & Gynecology

## WORK EXPERIENCE

### From November 2017 to present time:

Physician in Obstetrics & Gynecology at Department of Obstetrics & Gynecology, Gynecologic Oncology and Minimally Invasive Pelvic Surgery - "International School of Surgical Anatomy", IRCCS "Sacro Cuore – Don Calabria" Hospital, Negrar di Valpolicella (Vr), Italy, Director Dr. M. Ceccaroni.

### From August 2017 to October 2017:

Physician in Obstetrics & Gynecology at Department of Surgical, Medical and Health Sciences, University of Trieste, U.C.O. of Obstetrics & Gynecology, IRCCS Burlo Garofolo -Italy, Director – Prof. G. Ricci.

### From January 2016 to April 2017:

Resident Fellow at Department of Obstetrics & Gynecology, Gynecologic Oncology and Minimally Invasive Pelvic Surgery Unit - "International School of Surgical Anatomy", IRCCS "Sacro Cuore – Don Calabria" Hospital, Negrar di Valpolicella (VR), Italy, Director Dr. M. Ceccaroni.

### From July 2012 to July 2017:

Resident Doctor at Department of Surgical, Medical and Health Sciences, University of Trieste, U.C.O. of Obstetrics & Gynecology, I.R.C.C.S. Burlo Garofolo - Italy, Director Prof. S. Guaschino – Prof. G. Ricci.

**Occupation or position held** Physician in Obstetrics & Gynecology

**EDUCATION AND TRAINING**

July 2017:

Diploma of Specialization in Obstetrics and Gynecology, University of Trieste - Italy, vote 50/50 cum laude. Experimental thesis: "Minimally-invasive laparoscopic surgical treatment of Deep Infiltrating Uteral Endometriosis with multiple involvement of pelvic viscera: a prospective monocentric observational study". Relator: Prof. G. Ricci, co-relator: Dr. M. Ceccaroni

February 2011:

Registration at "Albo provinciale dei Medici Odontoiatri in Gorizia - Italy"

October 2010:

University degree in Medicine & Surgery, University of Trieste - Italy, vote 110/110 cumlaude. Experimental thesis: "Uterine artery Doppler and PAPP-A evaluation as predictive test for obstetric pathological outcomes". Relator: Prof. S. Guaschino, co-relator: Dr.ssa G. D'Ottavio

June 2004:

Scientific High School degree at "Duca degli Abruzzi" - Gorizia, Italy, vote 74/100

May 2004:

Certificate in Advanced English, level C1, British School of Gorizia

**Principal subjects/occupational skills covered**

Minimally-invasive gynecologic surgeon for the treatment of Deep Endometriosis and other benign pathologies with more than 1500 complex surgical procedures.

Hysteroscopic treatment of intrauterine conditions (more than 1000 procedures).

**Name and type of organization providing education and training**

Member of the Faculty of "International School of Surgical Anatomy", President Dr. M. Ceccaroni, tutor in Hands-on simulations on cadaveric dissections and dry models for suturing techniques as well as for hysteroscopy.

Member of SEGI "Italian Society of Endoscopic Gynecology" and AAGL (American Association of Gynecologic Laparoscopists).

**PERSONAL SKILLS AND COMPETENCES**

European Society for Gynecological Endoscopy (ESGE) Level 1 "Bachelor in Endoscopy" Diploma, with tutorship in pelvic trainer simulations on several exercises.

Certified member of "International Ovarian Tumor Analysis".

Mother tongue: Italian

Other languages: English, level C1 according to the "Common European Framework of Reference for Languages".

Coauthor of several original scientific papers on national and international peer-reviewed scientific journals and presented at national and international conferences.

Very good knowledge of computer systems (Windows, Mac Os) and Office software

**SCIENTIFIC PAPERS**

Ceccaroni M, **Ceccarello M**, Raimondo I, et al. "A Space Odyssey" on Laparoscopic Segmental Rectosigmoid Resection for Deep Endometriosis: A Seventeen-year Retrospective Analysis of Outcomes and Postoperative Complications among 3050 Patients Treated in a Referral Center. J Minim Invasive Gynecol. 2023 Aug;30(8):652-664.

Stepniewska AK, Baggio S, Clarizia R, Bruni F, Roviglione G, **Ceccarello M**, Manzone M, Guerriero M, Ceccaroni M. Heat can treat: long-term follow-up results after uterine-sparing treatment of adenomyosis with radiofrequency thermal ablation in 60 hysterectomy candidate patients. Surg Endosc. 2022 Aug;36(8):5803-5811.

Ceccaroni M, Clarizia R, Mussi EA, Stepniewska AK, De Mitri P, **Ceccarello M**, Ruffo G, Bruni F, Rettore L, Surico D. Correction to: "The Sword in the Stone": radical excision of deep infiltrating endometriosis with bowel shaving-a single-centre experience on 703 consecutive patients. Surg Endosc. 2021 Oct 12.

Dienogest vs GnRH agonists as postoperative therapy after laparoscopic eradication of deep

infiltrating endometriosis with bowel and parametrial surgery: a randomized controlled trial. Ceccaroni M, Clarizia R, Liverani S, Donati A, **Ceccarello M**, Manzone M, Roviglione G, Ferrero S. *Gynecol Endocrinol*. 2021 May 26:1-4.

Minimally invasive treatment of diaphragmatic endometriosis: a 15-year single referral center's experience on 215 patients. Ceccaroni M, Roviglione G, Farulla A, Bertoglio P, Clarizia R, Viti A, Mautone D, **Ceccarello M**, Stepniewska A, Terzi AC. *Surg Endosc*. 2021 Jan 13.

Nerve-sparing laparoscopic disc excision of deep endometriosis involving the bowel: a single-center experience on 371 consecutive cases. *Surg Endosc*. 2020 Oct 14. Ceccaroni M, **Ceccarello M**, Clarizia R, Fusco E, Roviglione G, Mautone D, Cavallero C, Orlandi S, Rossini R, Barugola G, Ruffo G.

Inflammation calls for more: Severe pelvic inflammatory disease with or without endometriosis. Outcomes on 311 laparoscopically treated women. Clarizia R, Capezzuoli T, **Ceccarello M**, Zorzi C, Stepniewska A, Roviglione G, Mautone D, Petraglia F, Ceccaroni M. *J Gynecol Obstet Hum Reprod*. 2021 Mar;50(3):101811.

Total laparoscopic bladder resection in the management of deep endometriosis: "Take it or leave it". Radicality versus persistence. Ceccaroni M, Clarizia R, **Ceccarello M**, De Mitri P, Roviglione G, Mautone D, Caleffi G, Molinari A, Ruffo G, Cavalleri S. *Int Urogynecol J Sept*. 2019.

Total Laparoscopic Ureteroneocystostomy for Ureteral Endometriosis: A Single-Center Experience of 160 Consecutive Patients. Ceccaroni M, **Ceccarello M**, Caleffi G, Clarizia R, Scarperi S, Pastorello M, Molinari A, Ruffo G, Cavalleri S. *J Minim Invasive Gynecol*. 2018 Apr 12.

The association of first trimester uterine arteries Doppler velocimetry with different clinical phenotypes of hypertensive disorders of pregnancy: a longitudinal study. Stampalija T, Monasta L, Di Martino DD, Quadrioglio M, Lo Bello L, D'Ottavio G, Zullino S, Mastroianni C, Casati D, Signorelli V, Rosti E, Cecotti V, **Ceccarello M**, Ferrazzi E. *J Matern Fetal Neonatal Med*. 2017 Nov 20:1-9.

Preoperative Serum Human Epididymis Protein 4 Levels in Early Stage Endometrial Cancer: A Prospective Study. Fanfani F, Restaino S, Cicogna S, Petrillo M, Montico M, Perrone E, Radillo O, De Leo R, **Ceccarello M**, Scambia G, Ricci G. *Int J Gynecol Cancer*. 2017 Jul;27(6):1200-1205.

Successful rescue hysteroscopic resection of a cervical ectopic pregnancy previously treated with methotrexate with no combined safety precautions. Mangino FP, **Ceccarello M**, Di Lorenzo G, D'Ottavio G, Bogatti P, Ricci G. *Clinical Experimental Ob Gyn*, 2014;41(2):214-6.

Third trimester abdominal circumference, estimated fetal weight and uterine artery doppler for the identification of newborns small and large for gestational age. Di Lorenzo G, Monasta L, **Ceccarello M**, Cecotti V, D'Ottavio G. *Eur J Obstet Gynecol Reprod Biol*. 2013 Feb;166(2):133-8.

Pelvic inflammatory disease (PID) from Chlamydia trachomatis versus PID from Neisseria gonorrhoea: from clinical suspicion to therapy. De Seta F, Banco R, Turrisi A, Airoud M, DeLeo R, Stabile G, **Ceccarello M**, Restaino S, De Santo D. *G Ital Dermatol Venereol*. 2012 Oct;147(5):423-30.

First trimester maternal serum PIGF, free  $\beta$ -hCG, PAPP-A, PP-13, uterine artery Doppler and maternal history for the prediction of preeclampsia. Di Lorenzo G, **Ceccarello M**, Cecotti V, Ronfani L, Monasta L, Vecchi Brumatti L, Montico M, D'Ottavio G. *Placenta*. 2012 Jun;33(6):495-501.
